

“Nothin’ But Blue Skies Ahead!”

Ready to experience the thrill of flying in the legendary WWII Stearman? It's an adventure of a lifetime!

After you've received your pre-flight briefing and taken plenty of pictures we'll climb aboard and take-off on your 30 minute flying adventure. Whether this is your first time or you are a seasoned flyer, the thrill of open cockpit flight is something you'll never forget!

Right after take-off you will find yourself easily performing some of the same maneuvers as the WWII Cadets. Your pilot is there to make it fun and simple for you regardless of any prior flying experience. Stalls, slow flight, lazy eights, steep turns and chandelles are just a few of your options. Don't worry; we tailor the flight to you, so wild or mild, it's your choice. Flight must be redeemed in Lockhart, TX (35 minutes South of Austin). Please call 512.585.1359 for reservations. Donated by John & Rachelle Cyrier.
